

Behind the Vows

We Can Make Your
Dream Wedding a Reality

Mission

It is our goal at Behind the Vows to help you achieve the wedding of your dreams with less stress. We will help incorporate YOUR personality and vision in the design. With our own large decor inventory and floral design we help streamline the process for you. During the 14 years in the business, we have developed partnerships with a large network of reputable vendors. Let us exceed your expectations!

Services

With our planning services we can help you with as little or as much planning as you need. From finding the venue, to booking vendors, or just tying up any loose ends and bring your vision for your wedding to life. You will be given a detailed checklist and budget worksheet as well as our preferred vendor list.

We will map out a very detailed plan of your wedding day, including times for events such as flower delivery, hair and make up, photographic portraits of the couple, toasts and speeches, even the throwing of the bouquet...and so on. A coordinator will be with you during your wedding day to ensure the whole event unfolds and runs according to your plans and wishes.

How to Ask for Money Instead of Gifts for Your Wedding

By Sarah Hanlon
Published April 21, 2021

I'll let you in on a secret: When it comes to wedding gifts, you can register for just about anything you want. Today, wedding registries have evolved to be more inclusive and personalized than ever, which means you and your significant other can ask for anything from patio furniture to a margarita machine to Airbnb gift cards or even money for your next date night.

In the past, asking for money instead of gifts for your wedding was seen as taboo, but that couldn't be farther from the case now. In fact, cash funds and honeymoon donations are some of the most popular registry additions. Your guests want to purchase things that'll get plenty of use over the years, and there's no denying that cash would make for a perfect gift to kickstart newlywed life.
